

Why Caplin & Drysdale?

"For half a century, Caplin & Drysdale has attracted lawyers and support staff from a variety of backgrounds and experiences. We provide a stimulating work environment that encourages individual career development."

- MORTIMER M. CAPLIN, FOUNDING MEMBER

In an era when law firms are growing rapidly and multinational accounting firms are pursuing the practice of tax law, Caplin & Drysdale chooses to remain a boutique firm. For over half a century, we have focused on providing unparalleled service to our clients in a culture that enables our lawyers and staff to have full and enriched lives.

As a boutique, we offer sophisticated legal services in tax, litigation, political law, and exempt organizations. We serve some of the largest multinational corporations in the world; as well as high-net-worth individuals and their families; and several of the nation's most prominent foundations, public charities, and other nonprofit organizations.

The firm rarely handles "routine" tax matters, with most of our engagements involving issues of first impression requiring creativity and sophisticated legal analysis. Caplin & Drysdale's attorneys possess outstanding academic and professional credentials, including Supreme Court clerkships and experience as senior government officials and federal prosecutors.

At Caplin & Drysdale, you will encounter a collegial, family-oriented environment. Our open-door policy gives you direct access to and interaction with every attorney and staff member from the President, to Firm Management, to the Board of Directors.

If you are looking for a collaborative environment where you can make a difference in the lives of your fellow colleagues and our clients, then Caplin & Drysdale would love to hear from you.
