NOLA Media

Actress/activist Jennifer Lawrence interviewed Caplin & Drysdale's Trevor Potter (former Federal Election Commission chairman) in a tongue-in-cheek effort to learn how to best influence American politics. Lawrence drew laughs as she feigned bewilderment at the sway private interests play in the democratic system. Please visit this link to view excerpts from the interview. The interview took place during the Unrig the System Summit at Tulane University in New Orleans on February 2, 2018.
